

Reporting on a Webinar

After viewing the webinar write a 500 word essay. To help with your reporting here are some suggestions. Identify three things you learned that can be carried over into your practice? How did this webinar help you? Based on what you learned, what would you do, or not do, in your practice now. How might you implement these new things in your practice? What sort of expectation might be the result of any new knowledge acquired after viewing this webinar?

In addition, please indicate your name, the title of the webinar and the date viewed. Please put it in Word Document or PDF format and email it to Stella Benson at sbagency@sprynet.com. The report must be submitted no later than ten days after the webinar start date. Thank you.
